

**WHEATON NORTH
FALCON
MARCHING BAND**

**Wheaton North Falcon March-a-Thon
Saturday, September 7th**

Dear

What does it take for the Wheaton North Falcon Marching Band to compete on Lucas Oil Stadium at Bands of America in Indianapolis? It takes **you!**

The marching band program at Wheaton North High School is growing in size and ability every season. This year, it is time to spread our Falcon wings and set our sights on the largest high school marching band competition in the nation, the prestigious Bands of America (BoA).

Each year, hundreds of marching bands from all across the country gather to compete in the regionals and finals of BoA. This October, the WN Falcon Marching Band wants to learn what it takes to be one of those elite marching bands!

We have the dedication. We have the determination. We have the drive. We don't have the money. To solve this problem and inspire the community to support our efforts, WN Falcon Marching Band, is staging a March-a-Thon through the streets of downtown Wheaton. We promise to make music and entertain the community for 3 miles. We hope you will consider making a pledge or flat donation to support the students of the Wheaton North Falcons Marching Band.

With appreciation,
